Tinnitus

Sound Therapy System®

What is Tinnitus?

Tinnitus is the perception of sound when no external sound is present.
It often sounds like ringing, clicking, hissing or roaring.

How Can Sound Oasis Help?

Sound therapy has proven to be an effective source of tinnitus relief.
Sound Oasis provides a superior selection of sounds recommended
by audiologists around the world.

- #1 Rated Sound Quality – professional, digitally recorded sounds
- Exclusive Sleep Enhancement® Technology – gradually slows playback speed to gently lull you to sleep
- Customizable Sounds – simply download new sounds from the Sound Oasis® web site
- Sleep Timer with Auto Shutoff – continuous play or auto shutoff in 30, 60 or 90 minutes
- Backlit Alarm Clock – wake to selected sound or chime; includes brightness control
