Sound Oasis® Ecosystem of Sleep Therapy

Help Manage Tinnitus 3 Ways

Built-In sounds

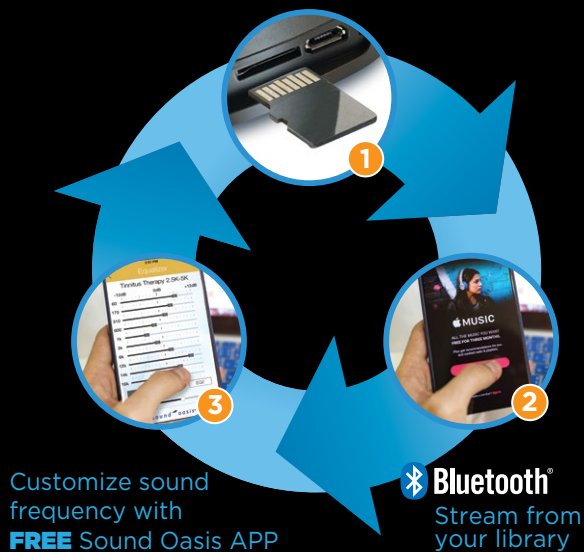

What Is Tinnitus?

Tinnitus is the perception of sound when no external sound is present. It often sounds like ringing, hissing or roaring.

How Can Sound Oasis Help?

Sound therapy has proven to be an effective source of tinnitus relief, especially at bedtime. This unit contains a superior selection of sounds recommended by audiologists around the world. These sounds create a soothing background sound that focus your brain on these pleasant, soothing sounds rather than your annoying tinnitus.

Contains : Machine, 20 built-in sounds, USB charging cable, User manual - **Living with Tinnitus** booklet

- Help manage tinnitus and improve sleep
- Use built-in rechargeable battery (4-5 hours per charge) or keep plugged in with included charge cable
- 30'/10 m Bluetooth® range

Sound Oasis® is the world leader in sound therapy systems and electronic sleep masks. We are dedicated to making your life healthier and more enjoyable with creative solutions that combine superior quality with the very latest technology.
